

# 2018 ANNUAL REPORT

Preventative care at  
an early age  
makes life fair.

Healthier Kids  
Foundation

Dear Friends,

At Healthier Kids Foundation, we believe preventative care at an early age makes things fair. Every day, we work side-by-side with families to identify and eliminate kids' health issues before they even begin. Because without us, barriers that could be corrected may stand in the way of kids joyfully climbing the ladder of life.

This year we have made significant progress toward our goal of ensuring all children in our community receive the care that they need to thrive.

Our progress would not be possible without you—our committed donors and funders, outstanding partners, resourceful staff, and ambitious board.

Our deepest gratitude for your belief in our mission and for your unwavering support.

**We do what it takes  
to find health solutions for each family.**

“Healthier Kids Foundation has gone above and beyond to look out for the well-being of my child. They help us, parents, find solutions to our children’s health needs. Healthier Kids Foundation’s programs are a great source of support for families and make positive change in our community.”

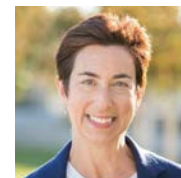

*Brenda, mother*

“It is very important for our students to get services from Healthier Kids Foundation so we can address their needs and make sure they are ready to learn in the classroom.”

*Superintendent  
Juan Cruz  
Franklin-McKinley  
School District*

“Children, all children, need healthy food, a stable home, and access to equal education to thrive. Our County leads with its culture of inclusion, always taking the steps needed to accomplish this most important goal, but there is still much work to be done. With the collaborative help of partners like Healthier Kids Foundation, we will ensure our youngest members of our community are set up to succeed.”

*Supervisor  
Susan Ellenberg  
Santa Clara County*
